REMARKS:

This letter is in response to the Office action dated January 12, 2006.

The Office action requires restriction to one of the following:

Group I - Claims 1-43 and 51-65 drawn to an absorbent article; and

Group II - Claims 44-50 and 66-69.

Applicants note that the same requirement was made in the Office action of September 22, 2005. Applicants hereby confirm the previous made election, without traverse, of Group I corresponding to claims 1-43 and 51-65 drawn to an absorbent article. Claims 44-50 and 66-69 were previously canceled accordance with applicants' election.

Applicants reserve the right to file a divisional application directed to the non-elected subject matter.

The Office action further requires election from among the following species:

Species A - reinforcing member embedded in the absorbent member; and

Species B - first, second and third regions, and a reinforcing member between each region.

Applicants hereby elect, without traverse, Species A directed to the reinforcing member being embedded in the absorbent member. Claims 20-43 and 51-65 all read on the elected species. Claims 1-19 have been canceled in accordance with the election. Applicants reserve the right to file a divisional application directed to the non-elected subject matter.

In the event that the Office disagrees that claims 20-43 and 51-65 read on the elected species, the undersigned respectfully requests a phone call from the Examiner to discuss

the election requirement.

The Office action still further requires election from among the following subspecies:

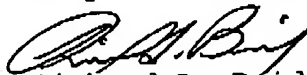

Subspecies 1: the reinforcing member is not substantially stretchable; and

Applicants hereby elect, without traverse, subspecies 2 wherein the reinforcing member is elastic. Claim 29 reads on the elected subspecies. Claim 28 is withdrawn from consideration herein pursuant to the election.
